

CIEE Global Institute – Cape Town

Course name:	Survival isiXhosa
Course number:	NONCR XHSA CTSA
Programs offering course:	Cape Town Open Campus
Language of instruction:	English/ isiXhosa
U.S. semester credits:	none
Contact hours:	15
Term:	Fall 2019

Course Description

Program participants are strongly encouraged to enroll in this course to help them to engage more closely with Cape Town community members and develop a better understanding of South African society. Students need no prior knowledge of spoken and written Xhosa. The course is designed to enable students to engage in: Basic communication (greetings, introduction), Giving social information (Family, making requests, describing work situations). Getting basic isiXhosa syntax, (making sentences). Students should acquire basic proficiency in isiXhosa which they can improve on through regular practice in their engagement with the different communities.

Learning Objectives

By completing this course, students will:

- gain a broad understanding of key features of the Xhosa language system (pronunciation and grammatical structures) on which to continue building
- be equipped with basic language skills that will allow you to interact in common social settings (greet, introduce, speak about yourself, and show an interest in others)
- be equipped with cultural insight allowing for respectful interaction within Xhosa communities
- gain a basic ability in all 4 key skills of Xhosa language learning: reading, writing, speaking and listening, with speaking and listening being the core focus of this course

Course Prerequisites

None, apart from an open mind and a keen interest in exploring a new language and culture with humility, patience and vigour.

Methods of Instruction

This course will make use of interactive lectures on grammatical structures, pronunciation,

language usage and cultural insights. Students will engage in speaking and listening practice in pairs. Learning will also be facilitated through individual reflection, group discussion, online articles, YouTube videos, a radio podcast, readings, written exercises, a mobile phone app and class presentation assignments. Guided visits and speakers will facilitate direct engagement with local communities.

Assessment and Final Grade

1.	Pair Dialogue Presentation:	20%
2.	Individual Oral Presentation:	20%
3.	Written Test on Grammar and Vocabulary and Listening Comprehension:	20%
4.	Video Clip: Cultural Observations	20%
5.	Class participation:	20%
	TOTAL:	100%

Course Requirements

Pair Dialogue Presentations

With a partner student, you will be required to script, practise and present to the class a short dialogue using language taught on the course. The dialogue should show your ability to conduct a conversation of pleasantries including a beginning, middle and end. This must include culturally appropriate Xhosa greetings, introductions, finding out about each other and farewells.

Grading Rubric

Pronunciation 5%

Fluency (ability to speak fluidly without hesitation) 5%

Accuracy of grammar and vocabulary 5%

Creativity and Involvement 5%

Individual Oral Presentations

Write, practise and present orally a paragraph of text in which you tell someone basic details about yourself and your background. You must have your paragraph checked by your instructor, for accurate use of vocabulary and grammar, before you commit it to memory.

Scripts need to be learnt well: cue cards can be glanced at, but no reading.

Grading Rubric

Pronunciation 5%

Fluency (ability to speak fluidly, avoiding hesitation) 5%

Accuracy of grammar and vocabulary 5%

Creativity and Involvement 5%

Written Test

Students will be required to write a test which will assess their grammar, vocabulary and listening comprehension skills.

Grading Rubric

Grammar 5%

Vocabulary 5%

Listening Comprehension 10%

Video Clips

As a final assignment, students will be asked to script, direct, digitally record and edit, a short dialogue drawing on language learnt, and cultural insight acquired, over the duration of the course. They will need to find two people to enact the dialogue and to direct these people in terms of the interaction that their video is aiming to observe and / or comment on.

Grading Rubric

Language Usage 5%

Cultural Observation and / or Insight imparted through the video 10%

Effort and Presentation 5%

Participation

Participation is valued as meaningful contribution in the digital and tangible classroom, utilizing the resources and materials presented to students as part of the course. Meaningful contribution requires students to be prepared in advance of each class session and to have regular attendance. Students must clearly demonstrate they have engaged with the materials as directed, for example, through classroom discussions, online discussion boards, peer-to-peer feedback (after presentations), interaction with guest speakers, and attentiveness on co-curricular and outside-of-classroom activities.

For each session, students will have to complete exercises at home consisting of oral and written exercises, dialogues, etc. Homework includes assigned readings and activities to be completed outside of class. Students should come to class having prepared all readings and homework assignments and ready to participate actively in class discussion and all class activities. In addition, this course will allow students to enrich their vocabulary. Students will be expected to look up unfamiliar vocabulary they come across in their exercises. Studying is invaluable, and then the best things happen when you connect with others in a study group to help you to pronounce well, recall vocabulary, formulate sentences correctly, and understand cultural clues.

Attendance Policy

Regular class attendance is required throughout the program, and all unexcused absences will result in a lower participation grade for any affected CIEE course. Due to the intensive schedules for Open Campus and Short Term programs, unexcused absences that constitute more than 10% of the total course will result in a written warning.

Students who transfer from one CIEE class to another during the add/drop period will not be considered absent from the first session(s) of their new class, provided they were marked present for the first session(s) of their original class. Otherwise, the absence(s) from the original class carry over to the new class and count against the grade in that class.

For CIEE classes, excessively tardy (over 15 minutes late) students must be marked absent. Attendance policies also apply to any required co-curricular class excursion or event, as well as to Internship, Service Learning, or required field placement. Students who miss class for personal travel, including unforeseen delays that arise as a result of personal travel, will be marked as absent and unexcused. No make-up or re-sit opportunity will be provided.

Attendance policies also apply to any required class excursion, with the exception that some class excursions cannot accommodate any tardiness, and students risk being marked as absent if they fail to be present at the appointed time.

Unexcused absences will lead to the following penalties:

<i>Percentage of Total Course Hours Missed</i>	<i>Equivalent Number of Open Campus Semester classes</i>	<i>Minimum Penalty</i>
Up to 10%	1 content classes, or up to 2 language classes	Participation graded as per class requirements
10 – 20%	2 content classes, or 3-4 language classes	Participation graded as per class requirements; written warning
More than 20%	3 content classes, or 5 language classes	Automatic course failure , and possible expulsion

Weekly Schedule

List your schedule of classes below for the full term, including orientation, holidays and scheduled program trips. Ask the Resident Director for program dates before scheduling classes. If there are required course related co-curricular activities in addition to regularly scheduled classes, be sure to indicate that these are required. These can be listed by course session or by week. Ensure that all exams, assignments, and readings are also included on the dates they are due.

- Tell the class about yourself (scripts need to be learnt well: cue cards can be glanced)

Borrowed Words

Listen to Dr. Tessa Dowling's podcast (34 minutes talking and 11 minutes of music) available on the Fine Minds / Fine Music Radio website.

Discuss and / or debate:

- how do languages in general benefit - or not benefit - from borrowing?
- the reasons for Xhosa incorporating words from other languages
- how grammar is applied to new Xhosa words (NdizoWhatsappela, Googlisha, et.c.)
- when - and why - should dictionaries recognise a previously borrowed word, to be Xhosa?
