You will increase your own cultural self-awareness and develop personal leadership skills to help you become more effective in an interdependent world.

Learning Objectives

By participating in this course, you will:

- Increase your own self-awareness, particularly your cultural self-awareness.
- Develop a deeper understanding of the field of intercultural communication and intercultural concepts / theories and their relevance to your own experience in Italy.
- Increase your ability to recognize and bridge cultural gaps.
- Develop an intercultural leadership practice that helps you translate your culture-specific and culture-general knowledge into moment-to-moment competence.

Course Prerequisites

None, apart from an open mind and a sincere interest in exploring things intercultural, which will involve a deep level of self-reflection.

Methods of Instruction

Course Requirements

Reflection Paper

You will complete 1 reflection paper. You will be given a topic / prompt, as well as more detailed instructions for the paper, approximately one week prior to the due date.

The paper should be typed, double-spaced, and 1500 words. These papers should be reflective, yet include critical analysis of your personal experience and include references.

Group Reflection Presentation. Students will present a description of how stereotypes and perception impact the way in which a collective is represented. Groups will be assigned and each group given a nation to focus on. There is to be full group consensus on the argument presented.

Homework

Homework includes assigned readings and activities to be completed outside of class. Due dates are listed in the syllabus but subject to change at the instructor's discretion. You are responsible for completing the homework outlined in the syllabus and asking for clarification when needed.

In-class debate: topics to be assigned in class with time for preparation. Students will be graded on critical analysis of topic, participation, and ability to respond to rebuttals.

Observation assignment: students will observe a scene and write a description of what they saw including a critical analysis, explaining why they noticed what they did and what they thought was happening in the scene they observed.

Storyboard: students will create a picture storyboard in class representing their experience so far on study abroad. Students will then write up an analysis of their storyboard explaining each stage or event represented.

Critical Moment Dialogue (CMD): students will complete this activity in class.

Pre and post-IDI: to be completed in class.

“The IDI is an online assessment tool that measures our intercultural learning and development. It contains 50 questions and takes about 20 minutes to complete. All ICL students take the IDI at the beginning and the end of the course. Your final grade will not be based on the results of the IDI, but you must complete it twice in order to pass the course. Your instructor will provide you with the login-in information. The results allow CIEE to analyze the effectiveness of the ICL curriculum and measure the overall intercultural learning of our students.”

Final Digital Storytelling Project and Presentation

As a final project for this course, you will be creating a Digital Story. Digital Storytelling involves short (3 to 5-minute) first-person stories combined with still images (and often music). Through this means, you will share your own personal story of the study abroad experience. More information will be provided. You will need access to iMovie (for Macs) or Windows Movie Maker (for PCs), both available to download for free.

Participation

Participation is valued as meaningful contribution in the digital and tangible classroom, utilizing the resources and materials presented to students as part of the course. Meaningful contribution requires students to be prepared in advance of each class session and to have regular attendance. Students must clearly demonstrate they have engaged with the materials as directed, for example, through classroom discussions, online discussion boards, peer-to-peer feedback (after presentations), interaction with guest speakers, and attentiveness on co-curricular and outside-of-classroom activities.

Attendance Policy

Regular class attendance is required throughout the program, and all unexcused absences will result in a lower participation grade for any affected CIEE course. Due to the intensive schedules for Open Campus and Short Term programs, unexcused absences that constitute more than 10% of the total course will result in a written warning.

Students who transfer from one CIEE class to another during the add/drop period will not be considered absent from the first session(s) of their new class, provided they were marked present for the first session(s) of their original class. Otherwise, the absence(s) from the original class carry over to the new class and count against the grade in that class.

For CIEE classes, excessively tardy (over 15 minutes late) students must be marked absent. Attendance policies also apply to any required co-curricular class excursion or event, as well as to Internship, Service Learning, or required field placement. Students who miss class for personal travel, including unforeseen delays that arise as a result of personal travel, will be marked as absent and unexcused. No make-up or re-sit opportunity will be provided.

Attendance policies also apply to any required class excursion, with the exception that some class excursions cannot accommodate any tardiness, and students risk being marked as absent if they fail to be present at the appointed time.

Unexcused absences will lead to the following penalties:

<i>Percentage of Total Course Hours Missed</i>	<i>Equivalent Number of Open Campus Semester classes</i>	<i>Minimum Penalty</i>
Up to 10%	1 content classes, or up to 2 language classes	Participation graded as per class requirements.
10 – 20%	2 content classes, or 3-4 language classes	Participation graded as per class requirements; written warning
More than 20%	3 content classes, or 5 language classes	Automatic course failure , and possible expulsion

Please note this schedule is subject to change if opportunities arise to enhance the curriculum
