Course Description

The instructor will provide the students with clear guidelines and expectations for these oral presentations so that the students can prepare accordingly. Students may prepare scripts or outlines for these presentations but they should be prepared to deliver the presentations without reading from them verbatim.

Chapter Tests

Final Exam

The final exam is comprehensive, testing student's mastery of all vocabulary and grammar covered in the course. It also includes sections that test all language skills: writing, reading comprehension, listening comprehension, and oral production.

Class Participation

In order to get the most out of each class, it is very important that you are prepared, alert, and engaged during class activities. In-class activities are designed with the assumption that you already studied the vocabulary and grammar explanations at home and are prepared to activate that knowledge in class.
