Course Description

Throughout the course we will focus on improving the student's writing skills. In this part of the course we will pay special attention to the grammar that students will implement and provide the basis for improving skills both oral and written.

Learning Objectives

After completing the course, students will be able to:

- Read simple texts about facts dealing with issues related to their specialty with a satisfactory level of comprehension.
- Write simple and cohesive texts on a range of everyday topics within your area of interest by linking a series of shorter discrete elements into a linear sequence (describing feelings and reactions, certain narrative of facts, for example, a recent trip, real imagined, etc.).
- Write brief reports in standard format with personal information (for example, a resume) or usual facts and reasons for certain actions.

Course Prerequisites

None.

Methods of Instruction

The communicative approach will encourage students to be able to operate in real situations you will be immersed every day, becoming social.

Classes will be mainly theoretical and practical and give special attention to writing skills (expression and comprehension) such that analyze and elaborate texts of different nature and resort to various media (newspapers, emails, etc.).

Assessment and Final Grade

1.	Quizzes	20%
2.	Midterm	20%
3.	Final exam	30%
4.	Writing Assignments	20%
5.	Class participation	10%

Course Requirements

Quizzes

There will be two quizzes during the semester. Each will last a maximum of 1.30 hours and consist of three parts: grammar, reading comprehension and writing expression. Each of the parts will count 1/3 of the final grade of the quiz, which is 10% of the final grade for the course.

Final exam

The exam will last a maximum of 1.30 hours and consist of three parts: grammar, reading comprehension and writing expression. Each of the parties will have 1/3 of the final exam, counting for 30% of the final grade for the course. Considering that learning a language is accumulative, therefore, enter all the content seen in class during the course.

Assignments

Students must perform two writing assignments whose length varies between 600 and 800 words.

Task 1: Students will create a short fictional story in first person within the context of a popular Spanish fiesta (Fallas, San Fermín, La Tomatina, La Feria de Abril, etc).

Task 2: Students will write a report on the book they have to read (*El príncipe de la niebla*).

Students will be given a guide with more accurate information for the tasks as well as a section in which the system of evaluating them will be discussed in detail.

Class Participation

Active participation is essential and will be a fundamental part of the final grade.

CIEE ACADEMIC POLICIES

Papers and assignments submission

According to CIEE Alicante academic norms all assignments, paper, readings, etc must be turned in on the due date. If a student fails to submit the work on time:

- 1) If any student submits the assignment one day late, the grade will be lowered by -10%.
- 2) If it is 2 days late, the grade will be lowered by -20%.
- 3) If its 3 or more days late, it will imply a grade of zero (0%) in the assignment.

It is the student responsibility to check with the professor any work submitted by email (unless the student receives a message confirming the assignment's delivery, we will assume the assignment was never sent and/or received).

Course Attendance

Regular class attendance is required throughout the program. Students must notify (via e-mail with a copy to the Resident Director or Program Coordinator) their instructor beforehand if they will miss class for any reason. Students are responsible for any materials covered in class during their absence. Students who miss class for medical reasons must inform the professor and the RD or PC and provide appropriate documentation.

For CIEE courses, excessively tardy (over 15 minutes late) students will be marked absent (student will be reminded of the policy). Attendance policies also apply to any required co-curricular class excursion or events, etc. Students who miss class for personal travel will be marked as absent and unexcused.

An absence in a CIEE course will only be considered excused if:

- 1) A doctor's note is provided. The UA medical center does not generally provide class absence notes. In the case a doctor's absence note is extremely necessary, students will need to go to the Vithas International Hospital to be examined.
- 2) A CIEE staff member verifies that the student was too ill to attend class
- 3) Evidence is provided of a family emergency

Persistent absenteeism (students exceeding 10% of the total course hours missed, or violations of the attendance policy in more than one class) may lead to a written warning from the RD, notification to the home school, and/or dismissal from the program in addition to reductions in class grade(s).

- 1) Since each CIEE Alicante course is 45 hours, 10% of the total course hours are 4.5 hours.
- 2) Missing 1 day of class during the Regular Cycle implies 2 course hours.
- 3) Students who miss more than 4.5 hours of class without justification will see their final grade reduced by -5%. For instance, students achieving a grade of 89.00 out of 100 points and missing more than 4.5 hours of class will see their grade reduced from 89.00 (B+) to 84.00 (B).

Students with unexcused absences exceeding 20% (9 hours) of the total course hours will fail the course. Written warnings and home school notifications will happen well before the absenteeism causes the student to fail the course so that the student has an opportunity for corrective actions.

Likewise, if any CIEE group organized activity/informational session (e.g. Intercultural development sessions) is scheduled during class hours, attendance to this activity or session is also mandatory for all students enrolled in courses that meet during that block of time. Not attending these CIEE group organized activities/sessions during regular class hours will result in an absence.

Plagiarism

Cheating and plagiarism in any course assignment may result in failing the course or being expelled from the program. Students are expected to adhere to the US American and norms.

Important principles:

- 1) Final examinations, quizzes and other tests must be done without assistance from other person, without looking at or otherwise consulting the work of another person, and without access to notes, books, or other pertinent information (unless the professor has explicitly announced that a particular test is to be taken on an "open book" basis).
- 2) The same written paper may not be submitted in more than one course.
- 3) Any use of the work of another person must be documented in any written papers, oral presentations, or other assignments carried out in connection with the course

Add/Drop

The add/drop period last for 1 week after the start of the courses (September 12-19, 2017). After the end of the add/drop period, the student's registration is considered final, and no course(s) may be changed or deleted from the student's CIEE Academic Record.

Withdrawal from a course

Students are required to register in 5 courses during their studies at CIEE Alicante. Each CIEE course is worth 3 credits (45 contact hours) and each Universidad de Alicante course is worth 4 credits (60h - unless the course has more than 60h of instruction). If exceptional circumstances warrant, the student may request permission from the Center Director to withdraw from a course. However, a student participating in a semester program is not allowed to drop below 12 US semester credits.
