<b>Contact hours:</b>	60
<b>Term:</b>	Spring 2020

### **Course Description**

This class is designed for students to practice and improve all four main language skills – speaking, listening, reading, and writing – in a highly communicative classroom setting. Students systematically review grammar by working with diverse materials designed to introduce them to German culture.

### **Learning Objectives**

This course will allow students the opportunity to:

- Get familiarized with new stages of German grammar
- Develop and expand cultural and communicative skills
- Expand language skills in different contexts
- Increase reading skills
- Increase writing skills
- Expand interest in German culture and language

### **Course Prerequisites**

2 semesters of German or completion of GERM 1002 or equivalent (contingent upon placement).

### **Methods of Instruction**

**Learning by doing!** The language students and instructors use in this course is German.

This course, too, is based on an overall communicative teaching philosophy, as taught for instance in the “natural approach” (by Tracy Terrell & Stephen Krashen). Our approach to teaching and language acquisition is a functional one, in which students apply German to learn German. We are committed to communicative language teaching, focusing methodologically on communication and meaning, while still paying attention to grammar, vocabulary and pronunciation.

In our language instruction we use a variety of instructional means, ranging from short grammar

drills to dialogue-building, group work and role-playing. In each session, all four skills (listening, speaking, reading, writing) will be practiced, always with the goal to enhance students' communicative competence. The variety of methods and forms of engagement are targeted towards meeting the needs of different learning styles in a given classroom. Classroom activities will include individual, partner and group work and will be complemented by homework exercises.

### **Assessment and Final Grade**

1. Participation (including Pop Quizzes, Homework Assignments):	20%
2. Four Compositions (include re-writes):	20%
3. Weekly Quizzes (1 per week):	30%
4. Final Oral Comprehension/Speaking Test:	15%
5. Creative Group Project	15%
TOTAL:	100%

### **Course Requirements**

#### **Homework**

Homework assignments will be assigned on a daily basis and will be checked frequently. In order for the assignments to be effective, answer keys will be provided for structured exercises: you will be asked to complete exercises and self-correct with the help of the answer keys. Written assignments will be returned by the instructor with symbols designed to enable you to self-correct as well.

#### **Weekly Quizzes**

The weekly quizzes will assess three of the four major skills (listening, reading, writing) and address the material dealt with in each week. **Note:** Weekly quizzes take place on Thursdays.

#### **Creative Group Project**

Creative group projects are designed to give students in small groups (of 3-5 students) the opportunity to present various aspects of their experiences of being in Berlin to their fellow students and thereby practicing German writing and speaking/presentation skills. The form of the group project varies and can be anything from a short film to a power point presentation, acted dialogues etc. Your instructor will let you know in advance what kind of project is expected from you.

#### **Written Assignments**

You will be asked to write four short compositions during the course. These could be 10 sentences or a dialogue because one of the compositions serves as the script for the group project.

Based on the feedback and corrections from you receive from your instructor, you will write a second version of the assignment, which will then be assigned a grade

### **Oral Examination**

On the last day of class of instruction, students will spend approximately 10 minutes with a partner and the instructor in a short conversation led in German, in which the instructor will ask questions based on the most important grammatical structures and content covered in class. This oral examination is meant to give students the opportunity to actively demonstrate their language skills the instructor and themselves.

### **Participation**

As part of your work in this course, students should demonstrate learning beyond the submission of essays, tests, or presentations. As such, all students receive grades based upon participation. Participation is valued as meaningful contribution in the digital and tangible classroom, utilizing the resources and materials presented to students as part of the course.

Meaningful contribution requires students to be prepared in advance of each class session and to have regular attendance. Students must clearly demonstrate they have engaged with the materials as directed, for example, through classroom discussions, online discussion boards, peer-to-peer feedback (after presentations), interaction with guest speakers, and attentiveness on co-curricular and outside-of-classroom activities.

Participation is absolutely crucial to students' success and to the success of the entire class. Learning a language is an interactive process that has to be practiced in a communicative manner. Active participation in class is the key for success when acquiring a new language.

### **Attendance Policy**

Regular class attendance is required throughout the program, and all unexcused absences will result in a lower participation grade for any affected CIEE course. Due to the intensive schedules for Open Campus and Short Term programs, unexcused absences that constitute more than 10% of the total course will result in a 3% reduction in the final course grade and a written warning from the Academic Director, including notification to the student's home school. Unexcused absences that constitute more than 20% of the total course will result in automatic course failure and possible expulsion.

Students must notify their instructor beforehand if they will miss class for any reason. (Notification must be made via Canvas.) Students are responsible for any materials covered in class in their absence. Students who miss class for medical reasons must inform the instructor and the Academic Director and provide appropriate documentation as noted below. Make-up opportunity will be provided to the extent this is feasible.

Students who transfer from one CIEE class to another during the add/drop period will not be considered absent from the first session(s) of their new class, provided they were marked present for the first session(s) of their original class. Otherwise, the absence(s) from the original class carries over to the new class and counts against the grade in that class.

For CIEE classes, excessively tardy (over 15 minutes late) students must be marked absent, and the student should be reminded of the policy at the time of the infraction. Attendance policies also apply to any required co-curricular class excursion or event, as well as to Internship, Service Learning, or required field placement. Students who miss class for personal travel will be marked as absent and unexcused. No make-up or re-sit opportunity will be provided.

An absence in a CIEE course will only be considered excused if:

- a doctor's note from a local medical professional is provided
- a CIEE staff member verifies that the student was too ill to attend class
- evidence is provided of a family emergency
- the CIEE Global Institute Director / Academic Director approves an absence related to an observance of a religious holiday

Attendance policies also apply to any required class excursion, with the exception that some class excursions cannot accommodate any tardiness, and students risk being marked as absent if they fail to be present at the appointed time.

Unexcused absences will lead to the following penalties:

<i>Percentage of Total Course Hours Missed</i>	<i>Equivalent Number of Open Campus Block classes</i>	<i>Minimum Penalty</i>

Up to 10%	1 content classes, or up to 2 language classes	Participation graded as per class requirements
10 – 20%	2 content classes, or 3-4 language classes	Participation graded as per class requirements; <b>3% grade deduction; written warning</b>
More than 20%	3 content classes, or 5 language classes	Automatic <b>course failure</b> , and possible expulsion
